ACCIDENTAL

Was Shot Which Killed John Hammond is Plea of Ada Davis

JURY COMPLETED THIS NOON

PROSECUTOR SAYS EVIDENCE WILL SHOW PREMEDITATION

Nine of Twelve Jurors are Farmers and Two are Newark Men.

ADA DAVIS JURY.

Harry Burkham, merchant, Granville village.
J. E. Montgomery, farmer, St. Albans township.
Charles R. Essex, farmer, Lima township.
B. F. Stover, farmer, Lima twp.
Wm. Pittsford, farmer, Granville.
James E. Jones, merchant, city.
Noah Fields, farmer, Bowling Green township.
John Glynn, farmer, Liberty township.
B. L. Montgomery, lumberman, city.
James W. Fulton, farmer, Burlington township.
J. D. Smith, farmer, Bennington township.
Russell Moore, farmer, Granville township.

The task of securing a jury in the murder case in which Ada Davis is on trial for her life was resumed in the Common Pleas court Tuesday morning. The difficulty Tuesday morning was the same as experienced Monday. Many did not care to serve as jurors and took advantage of every loophole for escape. Nearly all had opinions on capital punishment which would preclude them from rendering a verdict punishable by death.

Attorney Smythe objected to the tactics employed by the State in passing its peremptory challenge. Mr. Smythe insisted that the prosecutor exercise this privilege in order. The court overruled the objections of Mr. Smythe.

A special venire of twenty names was taken from the wheel Monday afternoon. Many of these were called, examined and excused. At 10:15 both the attorneys waived the court's request for further challenge and the jury was declared completed. Clerk Hursey administered the oath to the men and they were ready for the evidence in the case.

When the Ada Davis murder case was presented to the jury Tuesday morning before any of the witnesses testified, the attorney for the defense, B. G. Smythe, made public his line of defense. The prosecutor read the indictment to the jury in which Ada Davis is charged with first degree murder, being charged with killing John Hammond. Mr. Fitzgibbon stated that the state would prove that the shot which killed Hammond was fired with malicious intent, and that the action was premeditated.

Mr. Smythe stated that Ada Davis did not kill John Hammond. "But if she did," said Mr. Smythe, "she had a perfect right to do so." He stated that the defense would prove that the shot which killed Hammond was fired accidentally, while Hammond and the Davis woman were struggling for the possession of the revolver.

He also stated that the defense would prove that Hammond was in a drunken, jealous rage on the night of the tragedy and that he went to the home of the Davis woman where he had been a former roomer, for the purpose of doing her bodily harm.

The court ordered the witnesses for the state to be called and sworn, and then adjourned court until after the noon hour. Before adjournment, the court admonished the jury not to discuss the case with any one, and not even among themselves. He delivered them into the custody of the court bailiff and they may remain in his charge until the case is concluded.

Prosecutor J. R. Fitzgibbon on behalf of the State, called two witnesses upon the opening of the afternoon session Tuesday, both of whom were absent. The proceedings were delayed for a few moments.

tarium in East Main street the morning after the shooting. The nurse, Dr. Smith, Clarence Herbert, Chief of Police Sheridan and the witness visited the victim in the ward at the Sanitarium.

"What took place in the room there while you were present?" asked Mr. Fitzgibbon. This question was to lead up to Hammond's statement made regarding who fired the shot which inflicted the wound. This was in the form of an ante mortem statement and the court excused the jury while this testimony was given in order to decide if it was proper to submit it to the jury.

Mr. Stewart testified that Hammond stated in the presence of witnesses that he went from the Foster saloon in West Newark to the house in the East End occupied by the Davis woman. He repeated Hammond's words in which Ada Davis was accused of firing the shot which inflicted the fatal wound. He told of Hammond's disposition of his property. This was introduced before the court to show that Hammond's statements were made while realizing his precarious condition. Hammond directed that Ada Davis be given the household goods and that his insurance be turned over to his daughter.

The court decided that Stewart's testimony should go to the jury. Stewart repeated the scene in the wounded man's bedroom. After 20 minutes of severe cross examination Mr. Stewart was excused, his testimony apparently not having been shaken.

R. T. Ragsdale, manager of the Sanitarium testified to Hammond's entrance to the hospital and told of the efforts of the doctors to locate the bullet.

The court was crowded Tuesday. By agreement of the counsel for the State and defense in the case of Ohio vs. Levi Bevard, charge of first degree murder, a continuance was granted by the court Tuesday until the January term of court. This action was taken because of the probable length of the trial of Ada Davis now before the court.

RECEIVER WANTED

Suit to Force People's Life and Accident Company Into Hands of Receiver.

Louisville, Ky., Dec. 12.—Suit to force the People's Life and Accident Insurance company into the hands of a receiver was filed in the Jefferson circuit court. The suit was brought by H. W. Richardson, a director, who alleges that the company, which is a Kentucky corporation, organized in August, 1905, has written \$60,000 insurance. The liabilities as given amount to \$7,000 and a death claim for \$1,000.

WILL BE BROUGHT BACK.
London, Dec. 12.—Chas. Meir, alias Moller, was committed for extradition in police court this morning. Meir is wanted in San Francisco for the alleged embezzlement of \$20,000 from his former employer. The request for his arrest, which was made November 8, came from the state department at Washington.

Stepped on the Lid.
Washington, Dec. 12.—Mr. Williams, the minority leader of the house, "stepped on the lid" just in time to prevent revelations in the nature of open criticism of the committee assignments of certain of his colleagues, for which he is responsible. Mr. Payne, the Republican leader, naively suggested a way by which the revelations might be made, but Mr. Williams assumed all responsibility and declined to allow the washing of Democratic linen for the amusement of the Republicans.

TENEMENT FIRE.

Mother and Five Children Burned to Death in New York.

New York, Dec. 12.—A mother and her five children were burned to death in a fire in a five-story apartment house at Columbus avenue and One Hundredth street. Two others were injured and a score or more tenants were thrown into a panic, some of them cut off from escape and several rescued by the police, firemen and ambulance surgeons. The dead include Mrs. John Thomason, the mother, her three-year old twins and her three other children, ranging from seven months to nine years old. Mrs. Thomason lost her life in endeavoring to save her children.

RESIST ARREST

Will a Band of Men in the Wilds Near Jackson, Ky.

Jackson, Ky., Dec. 12.—A warrant was issued by Judge Hargis for Jake Noble, Jerry Noble and John Davidson as the result of the shooting of Deputy Grant Holliday, and placed in the hands of the sheriff. It is reported that the Nobles left town in company with a body of armed men and that they are now at Lost Creek, 10 miles from Jackson. There is considerable excitement and it is feared more trouble will arise. It is reported that Jake Noble says that he will not submit to arrest for trial before Judge Hargis nor to be placed in the county jail. Sheriff Griffith fears that Noble and his friends are barricaded on Lost creek and that they will resist arrest.

RESCUED

Just in Nick of Time by Captain Gibbs and His Brave Men

VERY PERILOUS UNDERTAKING

CREW ON LIGHTSHIP NO 58 HAD GIVEN UP ALL HOPE

Task of Transferring Men Dangerous as Seas Were Running Mountain High.

New Bedford, Mass., Dec. 12.—The lighthouse steamer Azalea, one of the boats sent to the rescue of Captain Jorgensen and his crew of 12 men on the sinking relief lightship No. 58, off Nantucket shoals, returned here this morning with the lightship crew on board. They were rescued yesterday afternoon after being in peril two days and two nights, and were in an exhausted condition.

A few minutes after they were safely aboard the tender the lightship went to the bottom of Nantucket shoals.

This morning Jorgensen vividly related the terrible experience on the sinking ship. He said:

"Captain Gibbs, with the Azalea, arrived just in time. The seas were rolling terribly. Monday morning we gave up all hope. Captain Gibbs signalled us to hang on for a few hours, that when the seas moderated somewhat he would venture alongside. For five hours the Azalea lay within measurable distance. The water continued to gain on us. I signalled Gibbs to come alongside, and with great gallantry he complied. The task of transferring the men was an awful one. The seas were running mountain high, fendering climbing aboard very dangerous. Finally the last man, myself, got aboard the Azalea, and about ten minutes later the vessel sank."

From the survivors heartfelt tributes were paid Captain Gibbs and his men for their gallantry and it was reported that the survivors almost embraced their rescuers when they realized they were saved.

FEARED DEATH

But the Pittsburg Clubman Went to Meet It—A Wife's Horrible Discovery.

Pittsburg, Pa., Dec. 12.—George L. McFarlane, one of Pittsburg's stock brokers and clubmen, killed himself at his home, 425 North Highland avenue, yesterday by shooting. McFarlane was formerly a member of the State Legislature, serving from 1894 to the close of 1898 three terms. He was brother-in-law of Wm. McCortway, one of the city's big steel men, and close friend of Andrew Carnegie.

At noon McFarlane refused lunch, and, excusing himself to his wife and family, went to his rooms. An hour later Mrs. McFarlane went to look for her husband and found him dead on the floor, a bullet through his breast and the revolver clutched in his hand. No reason is given for the suicide save that he had been suffering from neuralgia. He had had a sister die of neuralgia some time ago and feared he would die in the same way.

SITUATION GRAVE.

France Refuses to Withdraw Her Note to Venezuela.

Washington, Dec. 12.—France has refused to withdraw her note to Venezuela protesting against President Castro's treatment of M. Taigny, the French diplomatic representative. Mr. Jusseland, the French ambassador, had a long conference with Secretary Root regarding the Venezuelan situation, which it can be announced on high authority, is daily growing worse. France, it is understood, would have taken steps to protect her own interests in Venezuela before this had it not been for the unwillingness of the French government to make any move which would hinder or embarrass the settlement of the troubles with Venezuela. This is thoroughly understood by Secretary Root, and although Mr. Russell, the American minister, is still endeavoring to assist in reaching a peaceful settlement of affairs at Caracas, the determination with which the ambassador spoke to the secretary on behalf of the French government makes it clear that French patience is near the breaking point.

JEROME TO INQUISITION

Believes Ryan Will Tell Committee What Harriman Said.

SUGGESTS FORMER'S RECALL

Investigation Committee Inquires Into the Affairs of the Provident Savings Life Assurance Society, Interesting Disclosures Being Made by the President—Day's Testimony.

New York, Dec. 12.—The insurance inquisition was engaged during the day in inquiring into the affairs of the Provident Savings Life Assurance society of New York. Charles E. Hughes, counsel for the committee, had brought out by questioning Edward W. Scott, the president of the company, that when Frank F. Hadley of New Bedford, Mass., secured control of the company in 1896, he borrowed \$102,000 from the company on his collateral notes to pay for the stock of the insurance company. Mr. Scott testified that Mr. Hadley never repaid those loans and that the insurance company realized only \$30,000 on the sale of the collateral. Companies in which Mr. Hadley was interested failed, and he committed suicide. "It cost the insurance company just \$132,000 for Mr. Hadley to get control of it," said Mr. Hughes. Besides the \$162,000, Mr. Hadley had borrowed \$200,000 to pay for the assurance company's stock and had put up that stock as collateral. Mr. Scott testified that he bought that stock at auction after Mr. Hadley's death and borrowed the money to do it from the New York Security and Trust company. John A. McCall, president of the New York Life Insurance company, Mr. Scott said, "stood back" of him in the negotiation of the loan.

The insurance investigating committee apparently succeeded in its attempt to make Thomas F. Ryan divulge what E. H. Harriman said or threatened to do, to influence him to divide his control of the Equitable Life Assurance society. District Attorney Jerome, who was asked by the committee to take steps to punish Mr. Ryan for refusing to answer the questions about Mr. Harriman, reported to the committee that he has informed Mr. Ryan's counsel that Mr. Ryan ought to answer. Mr. Jerome also wrote to the committee that he believes Mr. Ryan will answer if brought before the committee again.

English Policy-Holders Alert.
London, Dec. 12.—English policy holders in American life insurance companies have determined to take active measures for the protection of their interests. The policy-holders of the Mutual Life Insurance company of New York have decided to urge upon the officials of that company that the successor to Richard A. McCurdy must be an insurance man having the confidence of the British policy-holders, and that those policy-holders must be represented on the board of directors.

Hackensack, N. J., Dec. 12.—Mrs. Antoinette Tolla a young Italian woman, who shot and killed Joseph Sonta last March because he prosecuted her with his attentions was again sentenced to death by Justice Garretson this morning. GUARDSMEN ARE UNDER ARREST

TEST CASE THAT WILL BE OF GENERAL INTEREST OVER THE STATE.

Two Canton Boys Say They Joined Eighth Regiment Just for Camp Duty.

Canton, O., Dec. 12.—Jacob Boyd and Henry Nelson, privates in Co. C, Eighth regiment, O. N. G., are under arrest, charged with failure to attend drill, and are charged with disobedience of orders. Mayor Smith refuses to hear the case, declaring that the action should be by court martial. The boys say they joined the company for only days only at camp time. The outcome of the arrest will be of great interest as a test case.

MERIWETHER

To be Publicly Reprimanded by Secretary of the Navy

AND CONFINED FOR ONE YEAR

TO THE LIMITS OF THE ACADEMY IS THE COURT'S SENTENCE

It Will be Modified to Permit the Young Man to Go on Cruise.

(Bulletin.)

Washington, Dec. 12.—The sentence passed by the secretary of the navy on Midshipman Minor Meriwether, charged with the killing of Midshipman Branch at the naval academy, is as follows:

"To be confined to the limits of the academy for a period of one year and to be publicly reprimanded by the secretary of the navy."

The sentence of the court martial was that Meriwether should be publicly reprimanded by the secretary of the navy and be confined strictly to the limits of the naval academy for one year. The secretary modified the latter part of the sentence insofar as to permit the midshipman to go on the annual practice cruise. Otherwise he will not be allowed outside of the academy grounds.

MILLION INVOLVED

Long Disputed Claims Involving Stocks, Bonds and Notes Amicably Settled.

Pittsburg, Dec. 12.—After some 12 years of contention, the long disputed claims involving the stocks, bonds, notes and other securities of the Carbon Steel company, which John D. Slayback of New York claimed Charles H. Raymond hypothesized and disposed of among his friends and relatives after obtaining them from him under false pretenses, have been settled in an amicable manner, and the suits and executions pending in court are to be called off at once. The amount involved in the suits was about \$1,000,000.

RETURN FOR TRIAL

Thomas A. Ballantine, Mining Promoter, Expresses Willingness to Go to Pekin.

Denver, Colo., Dec. 12.—Thomas A. Ballantine, the mining promoter, who was arrested in this city when about to board a train for the east, having been indicted by the grand jury at Pekin, Ill., on the charge of obtaining more than \$50,000 by the sale of mining stock, the value of which, it is alleged, was falsely represented, expressed his willingness to return to Pekin for trial without a requisition.

WITH AN AX

Half-Witted Negro Attacked John W. Pace, Former Sheriff, in Alabama.

Dadeville, Ala., Dec. 12.—John W. Pace, former sheriff of Tallapoosa county, is dying as the result of a fearful attack on him by a half-witted negro. The negro, named Johnson, without warning struck Pace in the face with an ax, following it with a blow in the back. Although riddled with the contents of a double-barreled shotgun, the negro managed to deliver a third blow. Physicians say Pace is mortally wounded, while the negro was almost literally "down to pieces."

SUICIDE

Of Young Millionaire Followed the Story Circulated in a College Town.

Charleston, Va., Dec. 12.—Yesterday John S. Hawkins, a well known insurance agent of this city; Henry Michie and F. G. Duncan, owners of a poolroom, were charged with holding up and blackmailing Mr. R. D. Ballantine two weeks ago and procuring several thousand dollars. Hawkins is now in Albemarle jail but Michie and Duncan escaped. Ballantine was a young millionaire and committed suicide in the home of his parents, Newark, N. J.

Saturday night. He was a law student in the University of Virginia, at Charlottesville, and after graduating, bought Edge Hill, a magnificent estate near by, where he entertained on a lavish scale his classmates and fraternity men.

The arrest of Hawkins caused a profound sensation in Charlottesville. He stood well in the classic community. It is said the three men for whom warrants were issued systematically "bled" Ballantine until two weeks ago, when he disappeared so that the conspirators could not reach him. Almost immediately friends of Ballantine heard of the circulation of an ugly story in Charlottesville, which may have reached the ears of Ballantine. The next thing they heard was news of the young man's suicide.

While a student at the university Ballantine gave a mail carrier \$10,000 in recognition of some slight favor.

Gregorian Congress.
Cincinnati, O., Dec. 12.—The Catholics of this locality have practically completed arrangements for an international Gregorian congress, following in the lines of the congress held at Strasburg last August. It will be held here during the week following the May musical festival. Its object is the furtherance of the use of Gregorian music in the Catholic churches. The movement is under the direction of the Covington Gregorian congregation, of which Colonel Harold Beckett Gibbs is president and Miss Mary Florence Tansy is secretary.

Mrs. Chadwick Ill.
Cleveland, O., Dec. 12.—Mrs. Cassie Chadwick had a severe attack of heart failure in the county jail which lasted for an hour, and it was thought for a time that she would not survive. The collapse came suddenly, and Dr. Bloomer, who was summoned, pronounced the attack as probably the most severe that Mrs. Chadwick has yet had. It is predicted by many that Mrs. Chadwick, if her last chance of escaping the penitentiary is taken away, will not long be a ward of the state.

THOS. F. RYAN

Who Refused to Testify Changes His Mind and Gives Desired Evidence.

New York, Dec. 12.—Thomas F. Ryan, owner of the majority of the stock of the Equitable, who last week declined on the witness stand to give the nature of his conversations with E. H. Harriman at the time of the Equitable purchase by Ryan, took the stand this morning before the insurance investigating committee, and gave the desired testimony.

"When Harriman desired to share in the purchase of the Equitable what did he say to you?" asked Inquisitor Hughes.

"I want this committee to understand," said Ryan, "that I meant no disrespect in my declaration to answer. I did not wish to answer unless I was obliged to answer. The district attorney has determined I shall answer. I shall give my best recollection." Mr. Ryan continued:

"He wanted half the stock. He told me I would not be able to carry out my plan as he would use all his political influence against it, intimating an investigation similar to the present one. I was determined to carry out the plan I had formed. I don't want Harriman or any one else as partners. Harriman telephoned several times and last time I replied that there was no use talking about the matter—I would not change my mind."

Senator Armstrong thanked Ryan for his testimony and Ryan left the stand. The Equitable held considerable Harriman railroad stock.

COLLECTED

Has Been the Money Due Indiana From the Ex-Auditor.

Indianapolis, Ind., Dec. 12.—Ex-Governor Winfield T. Durbin announced that the balance of the money due the state from ex-Auditor David E. Sherrick, who is under bond to answer to a charge of embezzlement of state funds, has been collected and will be paid immediately upon the request of the proper state officials. Sherrick's original indebtedness, according to the ex-governor, was \$149,000. Colonel Durbin stated further that with one exception dollar for dollar had been realized on the securities turned over to the state by the ex-auditor. On this account the loss, it is said, will be between 1 and 2 per cent. The continuance of Sherrick's trial for Jan. 8.

Columbus, O., Dec. 12.—Mrs. John M. Partison favors legislation making an appropriation for an executive mansion. She said so after an unsuccessful and fatiguing hunt for a house today.

CLUB WOMAN

Gives a Pointed Reply to Rabbi Philo's Tirade

A BID FOR CHEAP NOTORIETY

HE HAS BUT ONE CHILD TO BOAST OF HIMSELF

Club Women in Divorce Suits are Few ---Husbands Not Ashamed of Their Wives.

Akron O., Dec. 12.—"Rabbi Philo's tirade against women's clubs and club women before the local council of women's clubs was the essence of bad taste and showed bad breeding," said Mrs. Wm. Murdock last night. Mrs. Murdock is vice president of the Ohio Federation of Women's Clubs and chairman of the Forestry committee of the organization.

"Rabbi Philo," she continued, "was invited to address the council just as other ministers have been invited to do, and he should have felt complimented. Instead he insulted every club woman in the country. Rabbi Philo told the council that club women exhausted their affection on poodles rather than they did of their children if they had any; that children were more often the result of accident than of conjugal love; that it was more fashionable for club women to ride in carriages than to push baby carriages."

"Rabbi Philo said that club women caused many divorce suits," said Mrs. Murdock. "Well, I am perhaps as well acquainted with Ohio club women as any other woman in the state. As chairman of the Forestry committee I have visited nearly every city in the state, and know of only one club woman who has been in the divorce court. She was dropped from her club soon after the case was decided. In visiting the homes of club women I have seen nothing but happiness."

"The husbands are not ashamed of their wives, as Rabbi Philo would have you believe. Club women, through husbands who are prominent in state and nation, have obtained many excellent laws. Their husbands are proud of them and love them and back them in all they undertake for the betterment of conditions."

"As to the charge that it is not fashionable for club women to be mothers I have only to point to my own club. Every married woman in the club is a mother. One member has seven children, another five, and so on. I believe that Rabbi Philo has only one child. Many of the most prominent club women in America are Jewesses, and they are among the best and brightest members we have. Rabbi Philo would have you believe that no Jewesses belong to clubs."

"As to the Jewesses of Biblical days referred to by the rabbi, I have only to say that if they spent all their time rocking cradles, the world would have been deprived of much good literature and the Bible would have been minus several interesting chapters."

"I do not desire to take up all the charges of the rabbi in detail. He was only bidding for cheap notoriety. He was not acquainted with his subject. He talks about club women lavishing their affections on poodle dogs. I do not know of a single club woman who owns a poodle. Rabbi Philo can not point to a single instance where a club woman neglected her children for her club. A woman who attends a club meeting does so in many cases in order to become a better mother and wife."

Portsmouth, N. H., Dec. 12.—The American club woman has not been weaned from her home by her club. If there is such a thing as race suicide in this land of ours she is not guilty.

Figures in the possession of Mrs. Mary I. Wood, of this city, tend to prove this. Mrs. Wood is at the head of the Bureau of Information of the National Federation of Women's Clubs.

Reports are far from complete, but those thus far received show that fully 75 per cent. of the members of women's clubs are married, and that a large majority of these are mothers. Over 50 per cent. have two children or more. One club in Valparaiso, Indiana, reports an average of three children for every member.

Large families are, perhaps, not so common in New England and the Middle Atlantic states, but even in these sections families with three and four children are by no means unusual. Those in which there are no children and even those in which there is only one child are exceptions.

Killed With Toy Pistol. Knoxville, Tenn., Dec. 12.—Roy Walker, 6, was shot and killed by Jesse Barber, a 7-year-old playmate, with a toy pistol. Chillicothe, O., Dec. 12.—Although the Baltimore and Ohio officials discharged brakeman Harry H. Smith, holding him responsible for the Roxabel wreck, which cost \$6,000 and three lives, because he failed to see the danger signals, Coroner Bibbs rendered a verdict of an unavoidable accident, holding that young Smith, being in the caboose of the broken-off section, was too far away to hear or see the danger signals.

Railway Postal Clerks.

Postmaster General Cortelyou makes his annual report with numerous recommendations for the improvement of the service. Regarding the clerks in the railway postal service, the Postmaster General says:

During the year twelve clerks were killed while on duty, and 125 seriously injured. Every effort, he says, has been made to surround the clerks with every possible safeguard. The arduous and hazardous duties incident to the service he says call for some legislative action that will make provision for clerks worn out in the service and maintain its efficiency by the gradual elimination of superannuated clerks.

The Postmaster General suggests that postoffice inspectors, postoffice clerks, carriers, etc., are underpaid. In the face of his admission of the arduous and hazardous services of the railway postal clerks, what would be wrong in the department making their compensation commensurate with the services they perform and the risk to their lives that they incur every day that they are on duty?

DEEDED

To Her Brother-in-law the Property of Which His Littered Wife Had Disinherited Him.

Goshen, Ind., Dec. 12.—Mrs. Lucetta B. Curtis, a newspaper writer and magazine contributor, who died here, bequeathed her entire estate, consisting of real estate of much value, to her sister, Mrs. George Robinson, of Lagrange, Ind., disinheriting her husband, O. M. Curtis, a Goshen merchant, who had four years ago conveyed all his possessions to his invalid wife. Yesterday Mrs. Robinson deeded to her brother-in-law her entire inheritance, although he had made no contest over his wife's peculiar will, under which, in any event according to the Indiana law, he could have claimed a one-third interest. Mrs. Curtis' will is regarded as an act of eccentricity and was accepted as such by the sister beneficiary.

FANCIED

He Was "Flogging" Her When Waldron Pulled Out Ketchup to Blow His Nose.

Hammond, Ind., Dec. 12.—Officer Elsner made the most peculiar arrest ever booked at the Hammond police station.

H. D. Waldron, a prominent East Chicago young man, was hauled to the city prison on the charge of Mrs. William Sherry, 841 Hoffman street, Hammond. The woman accused Waldron of insulting her. She alleged that the East Chicago man while walking down the street past her home waved his handkerchief at her while she was sitting at her parlor window rocking herself.

Waldron was astounded when he was placed under arrest and did not even recognize the complainant when she confronted him at the police station. He admitted having taken out his handkerchief when he passed the Sherry home, but said that he did so merely to blow his nose, and denied having even waved the kerchief.

Judge McMahon was impressed with his innocence and discharged him from custody, exclaiming that "the lid isn't on so tight in Indiana yet that a man can't blow his nose on the street without getting arrested for it."

WHAT A PITY

What a great pity it is that the law of 1902 relating to the Bureau of Accounting, as amended in 1904, does not allow the inspectors to inspect any of the offices in the State House. Merely a starter to the general regret, the following four are submitted for inspection. What a fine lot of headlines are concealed in the silent but vociferous figures. As for instance, things have grown as follows:

	1895.	1905.	Inc.
Attorney General	5,601 99	29,486 79	23,884 60
State Auditor	12,798 00	79,209 74	66,411 74
Fish and Game Com.	7,846 20	22,776 18	14,929 97
Com. of R. R. and Tel.	14,258 20	28,989 48	14,731 28

Jonah's celebrated gourd will soon be turned into a back number. Here are four (out of almost a score) of officers in the State House that have grown up to the moon and are now reaching out for the fixed stars. The population of Ohio grew less than 12 per cent. during the ten years above, yet the cost of these offices have grown all the way from 200 to 700 per cent. during the same period. How unfortunate that the Bureau of Accounting cannot discover why this is thus. But as good luck will have it the Legislature, or rather a branch of it, can provide expert accountants to look into the matter, and, as a diversion, determine whether the salaries, perquisites and allowances of the State Auditor is \$6,000 or \$24,000 annually. If the latter, there would be some encouragement for some other men to make a run for it.

These facts are to be found in the State Auditor's reports for 1895 and 1905.

My daughter was built up by Father John's Medicine, and I recommend it.

Athletic Association President Admits Having Had Dealings With Sufinski, But Says They Were Legitimate.

The Sufinski case at W. R. U. which is causing a great deal of comment in football circles in Ohio, is still unsettled at Cleveland. The Leader, which began such an active campaign against "tainted" athletics, conducted an investigation in this case and it is claimed that some startling facts were unearthed.

It was like a thunderbolt from a clear sky to those who have been watching the development of a fast team at Western Reserve university for the last two years to bring back their lost prestige on the gridiron. Furthermore it was alleged that Sufinski was not alone in this matter, but that there were others who were waiting the final result of this suit before starting proceedings.

Enough information was secured that would astound the athletic world if the facts were in such shape to be made public at this time. Sufinski is not the only man who was promised money to assist in payment of his tuition fee in one of the departments at Western Reserve university. Furthermore, he is not the only man who has been unable to get the entire sum to pay his tuition, which he alleges he was to secure. There are others, but how many is another question. This is certain. A prominent member of the football squad of 1904 quit the university last winter for the same reason, the excuse being given that the fund had "run dry."

All names will be published when the proper time comes, and when they are announced, together with the money promised by Edward H. Kneen president of the Athletic Association, a surprise will be furnished the public. That this payment of money was taking place unknown to the members of the faculty and those interested in clean athletics is certain. Professor H. P. Cushing, who represents Western Reserve in the "big six" conference, stated that he had heard rumors of this, and that players were being paid to attend the college, but when put on the carpet these same players denied the allegations.

Mr. Kneen is quoted denying the facts that he owes Sufinski \$75, but admitted that he went on Sufinski's note for \$25, which the latter has never paid. This alone looks peculiar in itself. When Sufinski claims that he only received \$25 of the \$100 promised him to attend the law school department.

Prof. Cushing, Western Reserve's representative in the "Big Six" declared emphatically that he could not take any action in the matter.

"Sufinski was not a member of the team or not a member of the university this fall," remarked Mr. Cushing, "and why should I act? If it was in my power to do so, I would. I have nothing to say about what Mr. Kneen does in the matter, and I have not

seen him, to the best of my knowledge, this fall. As a faculty member I could look into the matter, and would do so if either Mr. Kneen or Sufinski were members of the university. That is all that I could do."

No Secret About It. It has no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at Hall's drug store.

EMPLOYMENT BUREAU. The Day Nursery will operate an employment bureau in connection with the work. All women wanting employment, such as sewing, housework, etc., will please apply to Mrs. Webb at the Nursery. 7-5t

RESOLUTIONS

Adopted by Presbyterians Who Were Entertained by Mr. Sample in Granville.

Granville, O., Dec. 12.—The business transacted by the Presbyterians who met here yesterday by invitation of Mr. John H. Sample and enjoyed his hospitality may be summed up in the following resolution which was adopted:

Resolved, That it is the sense of this conference that the session of each church should make an earnest and honest effort to secure from each member of the church a pledge of a definite amount to the benevolences of the church for this church year, unless some other plan, equally effective, is in successful operation.

Resolved, That the members of these committees will gladly render any assistance to any session desiring the same, in the way of advice, visiting the field, furnishing literature or in any other ways.

Also, we recommend, That as soon as possible after the beginning of the next church year, April 1, 1906, and every year thereafter, a pledge card with the names of the church boards be presented to each individual member of the church for his subscription. Payment of the same to be made at such time as each session may elect. Pledge cards will be supplied by the committee on Systematic Benevolence.

Resolved, That Rev. Lester S. Boyce be directed to send a copy of these resolutions to every session of this Presbytery, accompanied by a letter expressive of the spirit of this conference.

NEWARK MAN.

D. H. Smith Rendered Unconscious by
Fall From Car Monday—Rail-
way News Items.

Edward Myers of Newark, a brakeman on the B. & O. was the victim of a very painful accident Monday morning.

The accident occurred near Dillon Falls, where the cars were being switched. Myers was on the caboose when an air brake broke, throwing the brakeman and the conductor who were on top of the caboose to the ground. Mr. Myers had a gash cut in his chin and when the train reached Zanesville, Dr. C. M. Lenhart was called and took several stitches in the injured man's chin. Although the conductor was badly bruised his injuries are not considered of a serious nature.

B. & O. Employee Hurt.

A man named D. H. Smith employed in the B. & O. yards, was injured about 5 o'clock Monday evening. Mr. Smith was engaged in working upon a car in the yards when a switch engine backed into the car, throwing Mr. Smith to the ground with such force that he was rendered unconscious, remaining in that condition for some time. Long & McCamant's ambulance making a hurry run, conveyed the injured man to the East Main street Sanitarium where he was placed under the care of Dr. B. F. Barnes, who pronounced his injuries not serious, with the exception of several bad bruises.

CONSPIRACY IS HERE ALLEGED

PETITION ASKS THAT DEEDS BE
SET ASIDE AND HELD FOR
NAUGHT.

Frank Watkins and Benj. Watkins
Begin Suit Against Anna Ewing
and Others.

Frank Watkins and Benjamin Watkins have commenced suit in the Common Pleas Court against Anna W. Ewing, Thomas Ewing and Earl Watkins, a minor. The plaintiffs say that they are each the sons and heirs at law of Enoch J. Watkins, deceased, and that the defendants, Mary Watkins and Anna Ewing are daughters of the deceased, and Thomas Ewing is a son of the defendant, Anna Ewing, and Earl Watkins is a grandson of the deceased, and that Earl is a minor, and the plaintiffs and defendants, Mary Watkins and Anna Ewing are all the children and heirs at law of Enoch J. Watkins, except Charles F. Watkins, who is a son.

The plaintiffs say that the defendants, Anna W. Ewing and Mary Watkins entered into a conspiracy between themselves for the purpose of securing from Enoch J. Watkins the real estate of which he died seized to the exclusion of all the rights and interest of the plaintiffs as heirs in the same; that the conspiracy was conceived and operated by the defendants and continued without interruption for at least two years prior to the death of Enoch J. Watkins. That at the time of the inception of the conspiracy Enoch J. Watkins was of great age, being past eighty, was feeble in mind, without mental capacity to transact business or to execute a conveyance, or to transfer real estate, and was, in fact, during all of two years in his dotage; that defendants conspired together to embitter the mind of their father against the plaintiffs by relating to him false accounts of pretended statements and conversations averred to have been had by the defendants with the plaintiffs against their father and abusive of him, and to prevent plaintiffs, or any of the members of the families of plaintiffs from seeing or visiting or having conversation with their father, and to prevent the father from seeing, visiting or having any conversation with plaintiffs or members of their families.

That in pursuance of the conspiracy the defendants succeeded in securing deeds for certain parcels of real estate to themselves, which consists of a considerable amount of valuable property in Newark. The plaintiffs claim that at the time of the pretended signing and acknowledgment of the deeds, Enoch J. Watkins was under the influence and control of the defendants, Mary Watkins and Anna Ewing, subject to the scheme and conspiracy of the defendants, and was without mind sufficient to make the deeds, or any deed whatever, or to transact any business whatever, and that the deeds have not now and never had any legal effect or validity by reason of the mental infirmities and weakness of Enoch J. Watkins and that the deeds are still inoperative. Plaintiffs pray that the deeds to each of the defendants may be set aside and held for naught and that they may have an accounting of the rents, use and profits of the real estate pending this action and for all proper relief to which they may be entitled either in law or equity. G. C. Daugherty, attorney for the plaintiffs.

Preparing for the New
Year Concert.

The Apollo Male Choir held its very best rehearsal on Monday night and great amount of enthusiasm was evidenced at the apt way in which the large attendance took up the work of preparing the New Year concert.

It is with considerable pleasure that the club was informed that Miss Olive Beatrice Fitzsimmons has finally been obtained to render a number of selections at the New Year concert of the chorus. Miss Fitzsimmons has a wide reputation as a reader and mimic, being a member of the Lester Bach Concert company of Pittsburgh, who has spoken for itself. It was through personal acquaintance in the club that it was made possible to obtain Miss Fitzsimmons.

PROPOSITION TO ISSUE BONDS

DEFEATED IN ELECTION ON MONDAY BY FIFTY VOTES.

Only One-Fourth of the City Vote Polled—Results Are Given Below.

At the November state election over 5,000 votes were cast in Newark city: at the special water works bond election Monday, December 11 only 1601 Newark men voted. Of this number 27 votes could not be counted, as the intention of the voter was not clear. In some instances it is said the ballot was turned over and members of the Board of Elections were voted for.

Out of the total vote, 1018 men declared themselves in favor of the bond issue and 556 opposed to it. The law requires a two-thirds majority of the total vote cast in order to carry the issue. According to the vote polled it required 1068 to carry. The proposition was therefore lost by 50 votes.

SUPREME COURT GIVES DECISION

SALE OF WATER WORKS BONDS FOR NEWARK LAST WINTER IS AFFIRMED.

Highest Court in State Sustains the Decision of the Two Lower Courts.

The Supreme Court of Ohio handed down its decision in the Newark Water Works case Tuesday morning at Columbus, the finding of the lower courts being affirmed. The case will not be reported.

This is the water works bond case instituted in Common Pleas court by Charles Vadakin wherein the validity of the private bond sale of \$300,000 worth of water works bonds last winter was attacked. The Common Pleas and Circuit courts held that the sale of these bonds by the Newark officials was legal and now the Supreme court has affirmed the decision of the two lower courts, thus finally settling the matter and ending the long suspense.

As noted in another column the proposed additional bond issue of \$200,000 was defeated Monday by 50 votes. It may be submitted again to a vote of the people at the discretion of the City Council.

GREAT INTEREST IN POULTRY SHOW

ARMORY WILL BE FILLED ON DEC. 26-30 WITH CHOICE FOWLS.

Effort is Being Made to Secure an Exhibit From Dr. Hartman's Stock Farm.

The prospects for the greatest exhibition of pure bred poultry ever held in Central Ohio are growing brighter as the dates for the great exhibit draw near. The committee is working incessantly and the week of December 26-30 will no doubt see the big armory on East Main street in this city, filled to the roof with chickens, ducks, geese, turkeys and other pet stock, incubators, brooders, etc.

A large 44 page premium list is now ready for distribution and requests for same are coming in from different parts of the state, over 100 copies have already been mailed.

Special prizes to the amount of over \$125 will be given, consisting of cash, merchandise, poultry supplies, fancy eggs, poultry, periodicals, poultry remedies, foods, etc.

G. E. Conkey & Co. of Cleveland, Pratt Food Co. of Philadelphia, Geo. H. Lee Co. of Omaha, and the O. K. Stock Food Co. of Chicago, are large contributors.

McNeal the sign writer, is preparing a 40 foot banner which will be floated across East Main street at the armory in order that people may readily find the exhibit.

The Prairie State Incubator Co. of Homer City, Pa., has written the secretary, saying they will be here with a full line of incubators, brooders and poultry supplies.

An effort is being made to secure a large exhibit from the Dr. Hartman stock farm of near Columbus, O.

Never before in the history of Licking county has there been a greater degree of interest in poultry culture than at present, and well may it be, when we consider that last year in the United States the value of poultry and eggs exceeded that of wheat, wool or corn.

Entries for the exhibit may be

made at any time and blanks and catalogues may be secured from E. M. Larason, Newark, Ohio.

RATE BILL UP IN THE SENATE

Tillman's Regulation Measure Provokes Lively Debate.

DOZEN SENATORS TAKE PART

Controversy Also Develops Over the Reference of the Panama Appropriation to a Committee—Federal Supervision of Insurance Companies Sought.

Washington, Dec. 12.—No mention was made in the senate of the late Senator Mitchell of Oregon, and it is the first time the death of a senator was permitted to pass unnoticed by the senate. The erasure of Mr. Mitchell's name from the rolls followed.

Spirited debates developed on the subjects of railroad rate legislation, arising through the introduction of a bill by Mr. Tillman to authorize the interstate commerce commission to fix maximum rates, and the Panama canal, due to a controversy over the reference of the emergency appropriation bill to a committee. The debate on the Tillman rate bill was engaged in by a number of senators. Mr. Foraker declared that the bill proved that its author believed the present laws were sufficient to correct all alleged transportation evils except excessive rates, and that there was ample provision for the punishment of rebate giving. Mr. Tillman responded that he had thought the laws sufficient until the investigation begun by Messrs. Judson and Harmon into the Santa Fe case had terminated in a pitiable fiasco. Mr. Foraker asserted that the law could not be blamed if "some person" fell short in his duty.

Mr. Foraker said he had a bill of his own which he would explain within a few days, and could convince any unbiased mind of the wisdom of his measure. He declared that the Tillman bill and many others offered were unconstitutional, because congress had no right to delegate to a commission the right to regulate railroad rates.

Mr. Tillman replied: "I am getting rather shaky as to the sufficiency of the 'present law.' It certainly will prove a failure until the president stops protecting cabinet officers and whitewashing them, and until he does that there never will be anything accomplished under the law."

After more than a score of senators had discussed the Panama bill it was referred to the appropriation committee by a vote of 40 to 23. In the course of the debate on the Panama bill Mr. Tillman said: "It is good old Anglo-Saxon stealing, not graft, to pay such high salaries as are paid to canal officials." He mentioned particularly the salary of \$10,000 to the auditor. "There should be legislation and the steals stopped, even if the president has loaned the prestige of his great name to the existing condition of affairs," said Mr. Tillman.

Committee Assignments.

Washington, Dec. 12.—The addition of Republican members to all of the important committees of the house has enabled Speaker Cannon to solve the problem of committee assignments in a manner which appears satisfactory to both parties in the house. Only two important chairmanships were vacant, appropriations and public buildings and grounds. Mr. Tawney of Minnesota was chosen chairman of appropriations and Mr. Bartholdt of Missouri chairman of public buildings and grounds. Mr. McCleary was transferred from the appropriations to the ways and means committee. Mr. Gardner of Massachusetts becomes chairman of industrial arts and expositions. William Alden Smith of Michigan takes the added Republican place on the ways and means. J. Warren Keifer of Ohio is appointed to the appropriations. Mr. Deider of Ohio is transferred from foreign affairs to the District of Columbia committee.

Insurance Bill.

Washington, Dec. 12.—A bill by Representative Landis creates in the department of commerce and labor the office of "superintendent of insurance" and "national actuary." These officers are to frame regulations for annual reports from life insurance companies doing business in the territory specified. Such reports are to contain an itemized statement of all assets and liabilities, amount and character of all business transactions and number and character of policies outstanding; the names and salaries of officers; itemized statements of receipts and expenditures, with full information and names of all parties receiving payments. Authority to examine books of insurance companies is given. Violations of the regulations are made punishable by revocation of license.

Akron, O., Dec. 12.—Donnell MacJordan, while snowballing, stepped suddenly to get some snow when a dagger in one of his trousers' pockets, with its point upward, pierced one of his lungs. He may die.

Worth Remembering.

There are three entirely different kinds of ingredients used in making the three different varieties of baking powders on the market, viz.: (1) Mineral-Acid or Alum, (2) Bone-Acid or Phosphate, and (3) Cream of Tartar made from grapes. It is important, from the standpoint of health, to know something about these ingredients and which kind is used in your baking powder.

(1) Mineral-Acid, or Alum, is made from a kind of clay. This is mixed with diluted oil of vitriol and from this solution a product is obtained which is alum. Alum is cheap; costs about two cents a pound, and baking powder made with this Mineral-Acid sells from 10 to 25 cents a pound.

(2) Bone-Acid, or Phosphate, is the basis of phosphate baking powders and the process is fully described in the patents issued to a large manufacturer of a phosphate powder. The U. S. Patent Office Report gives a full and exact description, but the following extract is enough:

"Burned bones, after being ground, are put into freshly diluted oil of vitriol and with continual stirring and in the following proportion," etc. From this Bone-Acid phosphate baking powders are made; such powders sell from 20 to 30 cents a pound. (3) Cream of Tartar exists in all ripe grapes, and flows with the juice from the press in the manufacture of wine. After the wine is drawn off the tartar is scraped from the cask, boiled with water, and crystals of Cream of Tartar, white and very pure, separate and are collected. It differs in no respect from the form in which it originally existed in the grape. Cream of Tartar, then, while the most expensive, is the only ingredient that should be used in a baking powder to act upon the soda, as its wholesomeness is beyond question. Cream of Tartar baking powders sell at about 40 to 50 cents a pound.

Such are the facts, and every one, careful of the health of the family, should remember this rule:—Baking powders selling from 10 to 25 cents a pound are made of Mineral-Acid; those selling from 20 to 30 cents of Bone-Acid; and those from 40 to 50 cents of Cream of Tartar made from grapes.

REPRESSION THE PROGRAM

Russian Government Will Attempt to Crush the Revolution.

COSSACK FORCES MOBILIZED

Telegraphic Communication Restored Between the Capital and Many Interior Towns—Rioting Renewed in the Baltic Provinces—Threats of a General Strike.

London, Dec. 12.—The correspondent of the Daily Telegraph at St. Petersburg, in a dispatch dated Dec. 10 by way of Eydtkuhnen, sends an interview with Count Witte in which the premier indicates that Russia is confronted with the alternative of a revolution or violent coercion. Though the count has not abandoned hope, he is not sanguine, and if forcible repression should become necessary he will, according to the correspondent, resign his task to other hands.

Continuing, Count Witte said:

"Clearly, the vast changes which the manifesto heralded required time and patience to carry out, but what happened was utterly unexpected. Sections of the community—nay, whole classes—went to work systematically to annihilate their own means of livelihood and to ruin themselves and the whole nation. Instead of uniting to preserve order, the people quarreled among themselves and attacked the government. The only people who acted in their own interests were the revolutionists. They knew what they wanted. They chose the most effective means to attain it, and they are capable of adopting these means even at the price of heavy sacrifices. The revolutionists hide all their quarrels and animosities and act together for the end they have in view, which spells destruction. Out of the resultant chaos, they promise a new world and an earthly paradise."

After admitting that the manifesto had indirectly intensified the revolutionary movement, the premier said: "Unfortunately the people at large take the view that it is the government's business to realize constitutional principles and to fight revolution. Doubtless the government can employ force, but force is only an evidence of weakness unless it is leveled by the social conscience against the public enemy. If a community will not struggle against anarchy, no government can successfully cope with it."

Count Witte contended that the same argument applied to strikes. With regard to the Jewish question, he said it was impossible at the present moment to proclaim equality of rights, because such a measure would provoke appalling bloodshed.

WIRES WORKING.

Telegraph Strike Reported to Have Collapsed.

St. Petersburg, Dec. 12.—The telegraph lines with Moscow, Reval, Kieff, Kazan, Novgorod, Archangel and Narva are working. Many of the employees have resumed work, and it is believed that the strike is collapsing. The mails have not arrived from the south owing to the railway strike. Intelligence from the provinces is impatiently awaited, especially details of the mutinies. The government apparently has resolved to resort to general coercion. The peasants in many provinces have organized under leaders.

Riga is completely cut off from St. Petersburg. Even the railway telegraph is not working. The scanty news reaching St. Petersburg is all to one effect. The last advices received from the Baltic provinces reported the desertion of ships, the murder of land owners and the pillaging of property. The revolutionaries are growing in audacity. In one case they attacked a detachment of troops and wagons, which they used in the invasion of estates in the vicinity. They escaped on a narrow gauge railway after capturing a train.

The extreme newspapers of St. Petersburg are openly defying the government by publishing resolutions favoring armed uprisings. The torpedo boat Philander is anchored at St. Nicholas bridge. The manager of the Riabushkevich factory was stabbed and killed for refusing to permit the workmen to hold a meeting.

It is learned on high authority that the government has finally decided against universal suffrage and practically in favor of the old project of 21 workmen representatives and the extension of the ballot to the small rent payers, merchants and the educated classes. However, the law must still pass the council of the empire and receive imperial approval. If the decision is upheld it is apt to end all question of the support of the zemstovists.

MUST FALL.

Witte's Ministry Enters Upon the Path of Reaction.

St. Petersburg, Dec. 12.—The situation throughout the Russian empire is ominous. Public opinion is practically unanimous that the government has entered upon the fatal path of reaction and that Witte's ministry must fall. Reaction and revolution confront each other in a death struggle. Both General Troop and General Count Ignatieff, according to the popular impression, are being held in reserve to execute the program of repression. It is again said that the nine Cossack strength of 30,000 will be mobilized in

supreme effort to crush the revolutionary forces. General Parnoff said: "I think we are coming to rivers of blood in which the revolutionary party will lose their game and Russia her liberty." Certainly the appearance of St. Petersburg seems to justify this black picture of the future. The capital resembles a great military camp. The railroad men claim that they have been informed that several sections of the subwestern systems have already responded to the appeal for a general strike.

It is believed that if the attempt at reaction is persisted in the moderate Liberals, who are inclined to support the government, will surely be driven back into the camp of the Extremists. Premier Witte's friends declare emphatically that he has never been in favor of armed repression. They indicate strongly that the arrests of the strike leaders must be charged to Interior Minister Durnovo, who insisted that he had proof that M. Krustal was planning an armed revolution.

AMUSEMENTS

Rose Coghlan, and a well selected company in the great comedy, "The Duke of Killarney," will be at the Auditorium tonight.

MONSIEUR BEAUCAIRE.

Those who are interested in high class comedy of the romantic and lightsome kind are sure to thoroughly enjoy the performance of "Monsieur Beaucaire," by Creston Clarke and a cast of unusual excellence at the Auditorium Saturday matinee and night. Whatever difficulties the general public may encounter in the correct pronunciation of the Duc D'Orleans nom de plume seen on the bill boards, "Monsieur Beaucaire," as presented by Creston Clarke, is sure to amuse, interest and grip them. It is for amusement purposes and will delight those who do not care to be thrilled too much or set thinking too deeply or poignantly, who, in fact, do not want problem plays. Manager Jules Murry has provided a car load of splendid scenery and announces this as the last appearance of Mr. Clarke in "Beaucaire," which, by the way, is proving one of the genuine dramatic successes of the present season, the same as it did last year.

THE WIZARD OF OZ.

The "Wizard of Oz" the musical extravaganza which has brought fame and fortune to its authors and managers, comes to the Auditorium on Wednesday evening. The "Wizard of Oz" is extravaganza pure and simple but it is done on a much larger scale than those of that kind usually have been, and, in addition, has the advantage of the two unique characters of the scarecrow and the Tin Woodman, which, together with a host of pretty girls and a score of comedians, makes of it an entertainment that has become possibly the most popular of the kind in America.

THE GREAT CHRISTMAS TRADE.

The Christmas buying this year promises to be of extraordinary proportions. It began early and now, two weeks before the holidays, it is approaching its height. With the memory of the buying crush of other years before them, many wisely set out to buy this year, while the stocks are unbroken, and before the clerks are weary. This is the way to get not only the best goods, but the best service.

There is another reason for the wisdom of early buying this year. It is found in the general prosperity of the country. Practically everybody has money to spend, and the demand for holiday commodities is going to be in excess of the supply. Heretofore it has generally been possible for a retail merchant, if his stock was exhausted in the middle of the buying season, to order more from the wholesaler or manufacturer, and get it. Generally speaking, this will be impossible this year, for the wholesalers stocks have been exhausted at the first call.

Manufacturers have repeatedly advised us that they can make no more shipments until after the holidays.

These are facts which people will do well to consider before it is too late. Those who buy discriminatingly with due regard to the tastes or needs of those to whom presents are given will find delay in buying to be especially hazardous this year.

We suggest you start Tuesday AND LOOK AT

THE NEW ORIENTAL RUGS

Another shipment of about 35 pieces came in this morning. They are mostly in the smaller sizes in the beautiful antique rugs—with a few room-sized Kashmir Rugs. We can recommend these rugs as they have all been selected by us on account of their antique colorings and are not an accumulation of any demonstrator.

INSISTED

That He Was the Sweetheart of Miss Alice Roosevelt, and They Arrested Thomas.

New York, Dec. 12.—Protesting that the police were keeping him from Miss Alice Roosevelt, whom he called his sweetheart, a young man about 35 years old, who said he was Joseph Thomas, of 100 Greenwich street, was committed by Magistrate Baker in the Harlem police court to Bellevue Hospital to have his sanity inquired into.

Thomas was arrested on complaint of Abraham Stein, of 1068 Fifth avenue, who told the magistrate that Thomas followed a young woman into his house, saying that he was looking for his sweetheart, Miss Alice Roosevelt. The young man was persuaded to leave at that time.

Thomas, who looked as if he had seen better days, spoke with a slight German accent and showed that he had been well educated.

HAIR ON FIRE,

But the Plucky Girl Braved Flames and Saved a Child's Life. Three Injured.

Bluffton, Ind., Dec. 12.—Miss Cora Weiland was fatally and Mrs. Thomas Wallace and the latter's infant daughter were seriously burned by the explosion of a pan of crude oil, which set fire and almost destroyed the home of Mrs. Wallace on the John Weiland farm, west of Poneto. The crude oil was being used to start a fire.

Mrs. Wallace's son, 4 years old was rescued by Miss Weiland who, with her clothing and hair in flames, re-entered the burning house and threw the boy out of a window.

LARIAT

Made of Grapevines Used by a Tramp to Capture a Girl, Whom He Carried Off.

Cleveland, Dec. 12.—Six year old Mamie Vancura was the victim of an attempted kidnaping while returning from school yesterday. As she was passing through a woods near Ferncliffe street, in Newburg, hand in hand with two schoolmates, a tramp stole up behind them and threw a lariat woven from grapevines over Mamie's head and carried her into a thicket.

The child's companions ran away screaming and soon a crowd collected. Police and detectives were sent from this city. The tramp fled and the girl was rescued. She is seriously ill, but physicians say she will recover. Her parents, Mr. and Mrs. Joe Vancura, of 11 Kysela street, say that no attempt was made to assault the child, although her body shows marks of rough usage. A purple welt encircles her neck where the noose abraded the skin.

NEGROES

Of More Value Than White Millionaires, Said the Preacher Whose Congregation is Divided.

Zanesville, O., Dec. 12.—Rev. Jas. Argo, pastor of the Brighton Presbyterian church, preached to a large congregation from the theme: "Our Brethren in Black." He said among other things:

"The colored men of the United States are of more worth to the country than all the millionaires that live." When the discourse was ended about half the congregation congratulated the minister, while the other half was plainly dissatisfied, and today murmurings of dissent are heard. The congregation is a large and influential one.

NEAL'S WIDOW

But Not the Heirs Named in the Will, Appeared in Court in City of Chillicothe.

Chillicothe, O., Dec. 12.—The will of the late Lawrence T. Neal was taken up by Judge Robins today. In reference to the naming of executors, Dr. John A. Nipgen and Judge J. M. Vanmeter named in the will, reconsidered their determination not to accept and were named by the court without objection. The bond was fixed at \$30,000 which covers the personality only. A. L. Fullerton, John Tomlinson and Dr. J. B. Seacore were named as appraisers. Mrs. Neal was present, but the heirs named in the will were not there. The matter will probably end in the courts.

FORMAL

Announcement of the Engagement of Miss Roosevelt and Mr. Longworth Soon to be Made.

Washington, Dec. 12.—The engagement of the President's eldest daughter, Miss Alice Roosevelt, and Congressman Nicholas Longworth of Cincinnati, has been frequently reported on the strength merely of rumors in society circles at the National capital, and it has been as frequently denied authoritatively.

Now, however, matters stand somewhat differently, as between the couple and society, for they have become engaged, and the formal announcement will be made by Mrs. Roosevelt within a few days at the White House.

The wedding day has not as yet been actually set, but it has been determined upon so far as that Miss Roosevelt's wedding bells shall be set a-ringing very early in the spring—possibly before the winter is really over.
